

It has been a busy and fun-filled term 1 with lots going on. We have introduced our new values, **Safe, Respectful, Caring**. The children are able to say these values and are showing them around the school.

Safe
respectful
caring

EPA Eco group has achieved the Green Flag award. This shows that the school wants to improve the environment and is taking small steps to do this. This year's group will continue this once elected.

We have enjoyed a number of visits. 'We, the Curious' came for a take over day developing children's understanding of different curriculum areas.

UWE also came to help children learn about different decades in history.

All children have visited Junction 3 library and chosen books to take home.

Year 6 children have visited the Life Skills centre and learnt some essential skills for living in the wider world.

Year 1 and 2 have enjoyed a term of forest school at St Werburgh's City Farm.

Dates for your diary :
