

# Term 6 newsletter

Term 6 has been full of great learning and fun!

## Whole school trip

The whole school had the best time visiting Avon Valley. We are proud of how well they represented Evergreen.

## Science day

Evergreen had a science day! We celebrated science by learning about air forces and resistance.

## Year R

Year R have been experimenting with different ways to turn ice from solid to a liquid.

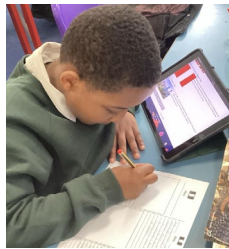

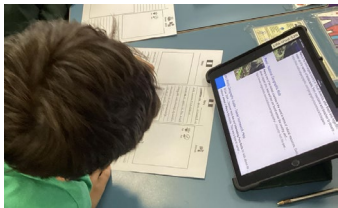

## Evergreen is an Oracy Centre of Excellence

At Evergreen, we know how important it is to learn to speak clearly with confidence. We teach the children to speak well, to listen and to use talk to help the children to learn in all subjects.

This is a National award which recognises how hard the Evergreen community works to ensure the children have effective oracy skills

### Year 4

Year 4 have been geographers! They have been using the ipads to research facts about Peru.

### Year 1

Year 1 took their artist learning outside.

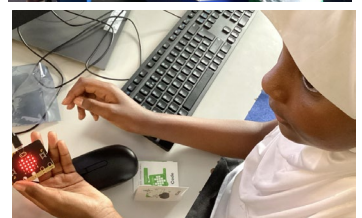

### Year 2

Year 2 have been exploring fractions of amounts whilst being mathematicians.

### Year 5

Year 5 took part in a STEM workshop organised by engineers from ART Technology. The children were engaged and inspired.

### Year 3

Year 3 are learning to play a musical instrument.

### Year 6

Year 6 have had a term filled with trips and experiences following all their hard work preparing for their SATS. They have been to Life Skills, Woodhouse Park, Jump and the Malcom X Centre.

### National Day of Welcome

Evergreen is a Place of Sanctuary and place where everyone is welcome.

### Attendance

**MOMENTS MATTER, ATTENDANCE COUNTS.**

Children being around teachers and friends in a school environment is the best way for them to learn and reach their potential. Children need to be in school everyday.
