Year 2 Term 3 2022/2023

Term 3 is here, and we are very proud of our progress throughout Term 1 and 2. We have come so far and are excited for our third term in Year 2.

We are very proud of our learning. So, please make sure you log onto Class Dojo each week to check for updates and to see all your amazing work!

## Authors

As authors, we will be reading *The Pirates Next Door*. We will be using our Phase 2, 3, 4 and 5 phonics to independently segment and blend words to independently read sentences in the book.

We are going to use our great oracy skills to discuss, retell and act out our story. Ask us all about our book at home – I am sure we will be very excited to discuss it with you!

## Mathematicians

As mathematicians, we will be deepening our knowledge and understanding of numbers within 100. We will be learning about multiplication. We are always keen to use our strategies... I wonder if we can teach you at home!

As a class we will also be practising our number formations up to 10 and beyond in every activity we do.

We will have maths homework weekly based on our in-class learning. Please remember to complete and return to school!

## Historians

As scientists, we will be exploring materials!

We will discuss how electricity is created and how it powers the world around us.

We will be using a range of new vocabulary to explain our learning as scientists!

## Athletes

As athletes, we will be practising and refining our basic movement skills. These will be developed and enhanced through our Real PE curriculum. This term, we will be focussing on our personal cog.

We are very excited to have Bristol Sport sessions this term which will help us to develop our athlete characteristics through sport.

## Phonics

As readers and writers, we will be recapping our phase 2, 3 and 4 phonics this term, alongside learning our phase 5 sounds.

We are very excited to be learning about alternative sounds this term. Please ask us about these at home!

## At home learning

Please listen to your child read at home 5 times per week. This is the most important thing you can do to support learning at this age. Just 5 minutes per day makes a big difference. Don't forget to ask your child to identify the sounds in the words – they will be very keen to show off their phonics skills!

We will be checking yellow reading records weekly and will change books when appropriate.

*Have fun reading together!*

## Citizens

In jigsaw, we will be learning about relationships..

We will be accepting that everyone is different, learning about the word 'inclusion' and discussing the use of kind words.

Please feel free to contact me with any questions regarding our learning.

Yours Sincerely,  
*Mr Rees*
